TRUSTEE TUCHSEN RETURNS FROM FRUITFUL TRIP EAST

Absent from the city just one month, Trustee H. C. Tuchsen returned Monday afternoon from his trip to Washington just in time to drop back into the harness of his official duties. Although evidently somewhat wearied with his long journey, he was promptly in attendance at the regular meeting of the city council, that evening, ready to take his usual decided and energetic stand in questions concerning the interest of his constituents.

Leaving Redwood City September 4th, Mr. Tuchsen went direct to New York, arriving there on the 10th. His stay in the Eastern metropolis was exceedingly short, he hurrying on to Washington in a mistaken understanding of the necessity for haste, for on his arrival at the National capitol he found that the meeting of the board of Army Engineers which he was scheduled to attend was slated for the 25th instead of the 15th, as he had understood. This error in dates, however, proved a fortunate circumstance, as in the interum of time thus gained, he was afforded an opportunity to meet several times with the secretary of the Board of Army Engineers, whom he found to be a most courteous and affable gentleman, ready and willing to provide him with all the information at his command, an assistance which he found of much value in his later dealings with the situation.

Speaking during the week with a reporter for the Times-Gazette, Mr. Tuchsen said that while he had not succeeded in accomplishing the direct object of his trip, he felt well satisfied with the results of his journey and confident that in the not far distant future much good would result. This result ,he expected to come largely from the fact that during the meeting with the Board of Engineers he had been enabled to present facts which removed from the minds of these officials a misunderstanding of the facts surrounding the commercial situation in Redwood City.

At the outset of his meeting with the engineers Mr. Tuchsen found a situation entirely different from that which those interested in Redwood City had supposed. Instead of the question under consideration being that of a continuance of the old work, any appropriation to be made in the future must be classed as an entirely new project and for this reason must receive approval of the Engineering Board before its submission to Congress. For this reason want of action at this time will present no bar to future action.

In his attempt to make the present shipping situation clear to the Engineers, Mr. Tuchsen found himself compelled to go into details of the past commercial history of Redwood City as a shipping point. That the export shipping trade of Redwood City had fallen off materially during the past decade, he readily admitted. The explanation offered for this condition, however, appealed strongly to his hearers and gave a new and enlightening insite into the situation.

In making this explanation, Mr. Tuchsen made it plain that in the past quarter of a century a vast change had come over the local commercial situation. That while in the past Redwood City had been a large exporter it was now an importer of no inconsiderable consequence. This, he made plain, was due to a complete change of surrounding conditions. In its early history Redwood City had been the outlet of an immense heavily timbered section. For this reason this had been the shipping point for large quantities of lumber and wood. This supply of natural resource had long since been cut away and now, instead of exporting, we are importing lumber and its manufactured products, as well as other commodities required by an advancing community. Were the needed facilities provided much of this would come by water at a much reduced cost and with the resultant added volume.

While no definite assurances were given, Mr. Tuchsen feels from the careful consideration given his arguments and the attention given the facts presented that there is now a much better understanding of the conditions in the minds of the engineers. This will undoubtedly be given due weight and will go far toward securing favorable consideration in future recommendations.

While in Washington Mr. Tuchsen was the recipient of many courtesies from Senators Johnson and Phelan, to both of whom he bore letters of introduction . He was also afforded an opportunity to visit the naval academy at Annapolis, where he met Norman McKee, a Woodside boy, who was appointed to a cadetship by Congressman Hayes.

FIREMEN APPRECIATE PATRIOTIC RESPONSES

The Redwood City Fire Department, which organization carried out the recent Reception to San Mateo County's drafted men, have the further contributions of George H. Irving Company of $2.50 and Claude Fox of $1.00 to announce. These were voluntary contributions, the donors not having been approached during the three days canvass of the collector on account of lack of time, soliciting. This makes the total collections to date, $228.50 with a total expense of $150.

The Department takes this opportunity to again thanking the people of the community for the hearty support given this affair, it being due to th response of the ladies with their contirbutions of priceless cakes and sandwiches, which exceeded all expectation, that the expenses of the celebration were held down, thus causing such a surplus.

There were many contributions both in assistance, gifts and goods, such as free current by the Pacific Gas & Electric Company, a box of cigars for the drafted boys by H. D. Loveland and the use of a bus and driver for conveying a number of the drafted boys from and to San Mateo, by the Redwood City Transit Company, but the lack of space will not permit such further mention.

It is the consensus of opinion of the Department that the best use to which the surplus can be put, is that of some gift at Christmas, to each enlisted man from the locality, both volunteers and drafted. The money was given exclusively by Redwood City and Woodside people for the benefit of the men serving the colors and could not be expended in a more appropriate way than through a Christmas gift to the boys to whom we owe so much.

COUNCIL READY TO TIGHTEN LINES ON LIQUOR DEALERS

While the new city ordinance designed to limit the sales of liquor in quantities ,intended to prevent the furnishing of intoxicants to soldiers by ill-advised civilian friends, will not be as drastic as many had supposed, it is the hope of the members of the city council that it will at least go a long ways toward the accomplishment of the desired object. Should, however, it be found insufficient for the purpose, it may be taken for granted that more drastic steps will be taken, for it was the expressed determination of the trustees at the meeting of the city council Monday night, when the ordinance was passed to its first reading, to "go the limit" in their purpose of making Redwood City a safe place for the men stationed at Camp Fremont to gather for purposes of recreation and wholesome enjoyment. Discussion of the ordinance provisions, which was quite lengthy, indicated that this was the unanimous sentiment of the trustees.

As finally framed, the ordinance places no new restrictions on the sale of liquor in quantities during the day time but practically prohibits the sale of "package goods" entirely after 6 o'clock in the evening. Not only will the sale of liquors in bottles be stopped in saloons after that hour, but wholesalers and grocery dealers will also be compelled to cease the sale of liquors at the same time. Another provision will prohibit at all times the sale of drinks by saloons to be taken from the premises for consumption. The sale of liquors by drug stores will not be permitted at any time except upon the prescription of a regular physician.

Beyond the consideration of the new liquor ordinance, but little business came before the council for consideration. All of the trustees were present at the meeting, Trustee Tuchsen having returned from his trip to the National capitol during the day.

A communication to Mayor Sampson requesting the cooperation of citizens of Redwood City in raising of the $100,000 fund needed to pay for property turned over to the War Department at Camp Fremont site was referred to the Chamber of Commerce.

The permit of the Fremont dancing academy was transferred from Foresters' hall to the Alhambra. The request for a permit to continue Saturday night dances until 3 o'clock Sunday morning was denied.

A police telephone was ordered installed in the vicinity of Five Points, the particular location being at the discretion of the police committee.

City Marshal Coleman reported that the collection of his office for the past month amounted to $2,237.54. City Treasurer Towne reported a balance of $710.12 in the general fund, $1076.31 in the water fund and $320.93 in the library fnud.

Plans for additional lighting of Main street and Broadway were submitted by City Electrician Collins and referred to the public utilities committee.

"IT IS UP TO US"

The expressed determination of the members of the city council to use every possible effort to prevent the furnishing of liquor to soldiers should, as it undoubtedly will, receive the hearty commendation of every citizen of the city. If, as is hoped, this can be accomplished without resort to over drastic measures, well and good. But the unlawful traffic must be stopped, in the interest of good morals and good business, as well as good patriotism.

If, however, this is to be accomplished without resort to severe restriction. if not absolute prohibition, the officials of the city must have the cooperation not only of the men engaged in the liquor business but especially of the citizens generally. Undoubtedly the liquor dealers are not entirely to blame for the violations of the law and if it can be avoided they should not be unreasonably hampered in the conduct of their business.

While the city continues to receive a revenue from the saloon licenses those who pay this revenue must, in all fairness be allowed every reasonable lawful latitude in the conduct of their business. At the same time it is up to them, collectively as well as individually, to see that they do their part in making severe restriction unnecessary. It is not enough that any individual be able to say I am innocent, for in this matter each is "his brothers keeper." If individual places are allowed to persist in violations of the law in this respect, all must suffer.

At the same time, if the individual citizen is not to be deprived of his "rights," he too must see that the law is not transgressed. If the individual citizen is to be allowed to continue to purchase at will liquors for home consumption he must see that none of this is permitted to go into unlawful channels.

Plainly speaking, the matter is "up to us." Either the wise provisions of the War Department prohibiting the furnishing of liquor to men in the service must be lived up to strictly or absolute prohibition, or at least severe restriction ,must follow.

The "Financial World" says:

"Germany and the United States are embarking simultaneously on an appeal to their people for more of the wherewithal to carry on the war. It is the second undertaking of the United States Government and the seventh for the peoples of the Germanic states. We have increased our supply of gold since 1914 by the sum of $1,200,000,000, while Germany is in such a plight for adequate gold supplies she has been compelled to ask her people to turn in their rings ,gold watches, trinkets and other gold ornaments that the dimishing gold supply might be replenished and yet the supply has fallen to a point where the Imperial Bank's holdings are lower now than at any time since the summer of 1915. The contrast between the positions of the two nations is striking and yet Germany has started off in her appeal with no rebuffs. The people, pinched and suffering from all manner of privations and burdened with sorrows for loved ones lost at sea or in battle on land, are coming forth for the seventh time and laying their savings on the altar of their country for sacrifice. With us there will not and cannot be any commandeering of savings as in Germany, but our people must heed only the promptings of patriotism and devoted allegiance to the flag and the government to inspire them to buy Liberty Bonds. The capital is here in abundance. The gain in profits to the farmers alone in a year, through the rise in the price of farm products over normal pre-war levels, is estimated at more than $6,500,000,000, or sufficient to more than twice cover the total offering."

The question of waste of training involved in sending, as regular soldiers, doctors and dentists who have been drafted, has been settled by an announcement from the War Department. Drafted men of these professions may, after they have been passed by the local examination boards, apply for transfers to the medical or dental reserve corps.

FORUM, BAPTIST CHURCH

The meeting of the forum at the Baptist church, Sunday evening, was especially interesting. The singing of Musician Cragun of Company 4, Coat Artillery, was highly commended. He sang four selections, including the new patroitic song by Mrs. D. H. Wood, entitled "Uncle Sam Will be Right There."

Sapper W. W. Southin of the British army spoke from personal experience ,and was listened to with great interest. He told of trench work in France, in which he was engaged. The repairing of trenches after they have been captured from the Germans is very difficult. It must often be done under heavy fire, and the material—timber, corrugated iron, etc.,—must be packed by men, sometimes to a distance of a mile. The Allies tunnel under the German trenches, while their tanks, great engines of war, the most destructive known go over trenche. These tanks will go up a 75 per cent grade. It requires a nine inch shell to pierce them. The Allies found all kinds of food in the trenches they conquered from the Germans, showing that the enemy is well fed.

The German army has no respect for the Red Cross or hopitals. They have a special hate for churches, destroying them every where. They have destroyed village after village completely, leaving nothing standing. Belgium shows what Germany will do when she has a chance. They have caused untold suffering to women and children. They crucified one Canadian Sergeant.

The greatness of this war can be only realized by being in the warring countries. England is full of war material. Docks and warehouses are piled with it. There are bombs that burst into seventy-five pieces. Artillery fire of the Allies is terrible. The airmen get observations by day, then the artillery take up the fire during all the night. There is sometimes a solid field of guns, three tier deep, for miles. The Allies are slowly gaining. The soldiers are in good spirits; they want to stay in it until the job is finished and democracy is forever safe.

The speaker at the forum next Sunday will be Attorney Tompkins of San Jose, who will discuss temperance from a business standpoint. Mr. Cragun will sing again.

BREEZY NOTES OF THE COAST SIDE

HALFMOON BAY NOTES

Carl M. Hoskinson, son of Rev. and Mrs. W. S. Hoskinson of Montara, has been commissioned a Second Lieutenant in the engineer corps of the regular army and is at Fort Leavenworth, Kansas receiving his training.

Mrs. Mary Wyant, aged 65 years, died at Moss Beach on September 22, 1917.

Mrs. Wyant died suddenly of quick pneumonia. The funeral services were held at the Moss Beach church and were conducted by Rev. J. S. Thomas. Mrs. Wyant was a gentle, kindhearted woman, one who always spoke well of everybody, and kind to every one. The large attendance at her funeral and the wonderful contributions of flowers, showed the esteem in which she was held by her friends and neighbors. She had been a resident of Moss Beach for thirty years.

Philipp Forneron, who was hurt in an automobile accident near Marine View, three weeks ago by a big touring car, going at the speed of 50 miles per hour, and which went on its way, without giving first aid, died at the Red Cross hospital in San Mateo on September 25, 1917.

Victor Gonzales one of the best known young men of Halfmoon Bay and who is held in the highest regard by his fellow townsmen will leave on Wednesday with the second batch of men drafted into the army. He will be missed by all. Among the 138 men will be found Holger G. Hansen a young business man of Rockaway Beach.

M. Sheehan, Commissioner, has sold to Ruby E. Hath of Halfmoon Bay, lots 11, 12, 27, and 28, block 10, First Addition of Montara, also 6¼ acres adjoining, being portion of lot 68, Halfmoon Bay Colony.

Robert Savage Jr., has given Karl J. Levin the contract to build a cozy new home on the Savage ranch.

Mrs. H. C. Hall Sr., and Mrs. E. Rhodes, mother of Prof. H. C. Hall Jr., and of Mrs. Hall, respectively, were here on a visit this week.

Postmaster Wm. J. Debenendetti has provided an entirely new and modern set of fixtures for the local postoffice. There are about 200 combination-lock boxes of the latest make. Karl Johan Levin did the necessary carpenter work. The center portion which comprises the general delivery window, is a fine piece of cabinet making. There has been quite an increase in the business of the Halfmoon Bay post office and there weren't nearly enough boxes to supply the demand.

A marriage licene was issued at Redwood City last Saturday to Victor Gonzales and Miss Julia Axevedo, both of this place. The blushing bride gave her age as 21 while the groom's age was given as 27. Mr. Gonzales left with the San Mateo contingent to American Lake last Wednesday. The pretty bride accompanied her husband as far as the camp in Washington.

MONTARA ITEMS

Mrs. W. S. Hoskinson and Miss Ruth Hoskinson made a shopping trip to the city on Wednesday.

On Tuesday morning Miss Hilda Tonge of Berkeley arrived at Montara to become a member for some time of the Las Cabritas household to try goats' milk and out of door life, for the benefit of her health. Miss Tonge has been associated with Miss Signa Tagerthorn in playground work in Oakland.

The Thursday afternoon's meeting of the Ladies' Aid Society was postponed two weeks on account of illness of the president, Mrs. A. E. Cline.

The Sunshine Club met at the home of Mrs. Paul M. Schaible on Tuesday afternoon and were delightfully entertained. The initiation of the youngest member of the club was part of th pleasant afternoon. The new member is Miss Eva Mary Jakobs daughter of Mr. and Mrs. Walter Jakobs and not yet two months old.

The regiment that recently came from the Philippines had not been paid in two months and each member of the regiment received upwards of $100. They were given short furloughs to visit the city and other portions of the state. The regiment served three years in the Orient and the soldiers were certainly entitled to a short vacation.
